Expert in Equipment & Component Repair

We are The Largest, Most Uniquely Integrated Workshop for Mechanical & Marine Engineering Solutions in Singapore

Our Customers Feedback : **WWG is FAST & GOOD**

Crankshaft Grinding

Cylinder Heads

Cast Iron Welding

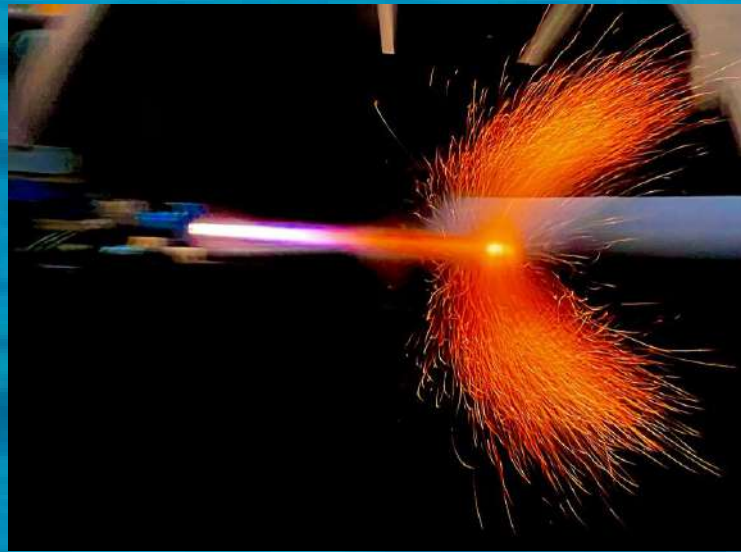

Machining

Piston Rod

HVOF Coating

Grinding

Valve Spindles

-HVOF Coating

-Grinding

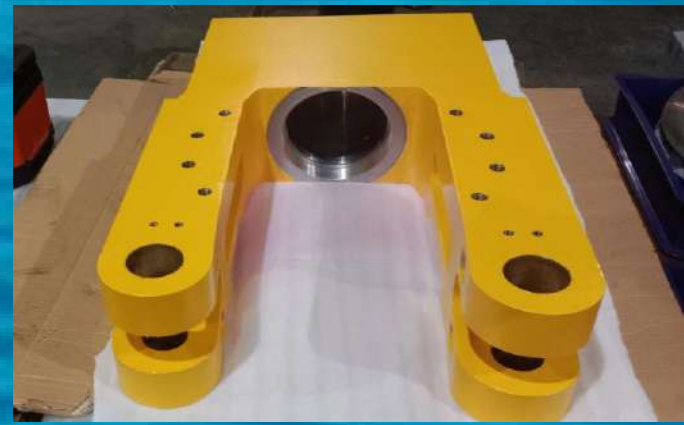

Hydraulic Cylinders

Hard Chrome Plating for
Cylinder Rod & Barrel

Barrel Honing

Robotic Aided Arc spray Machining, Grinding

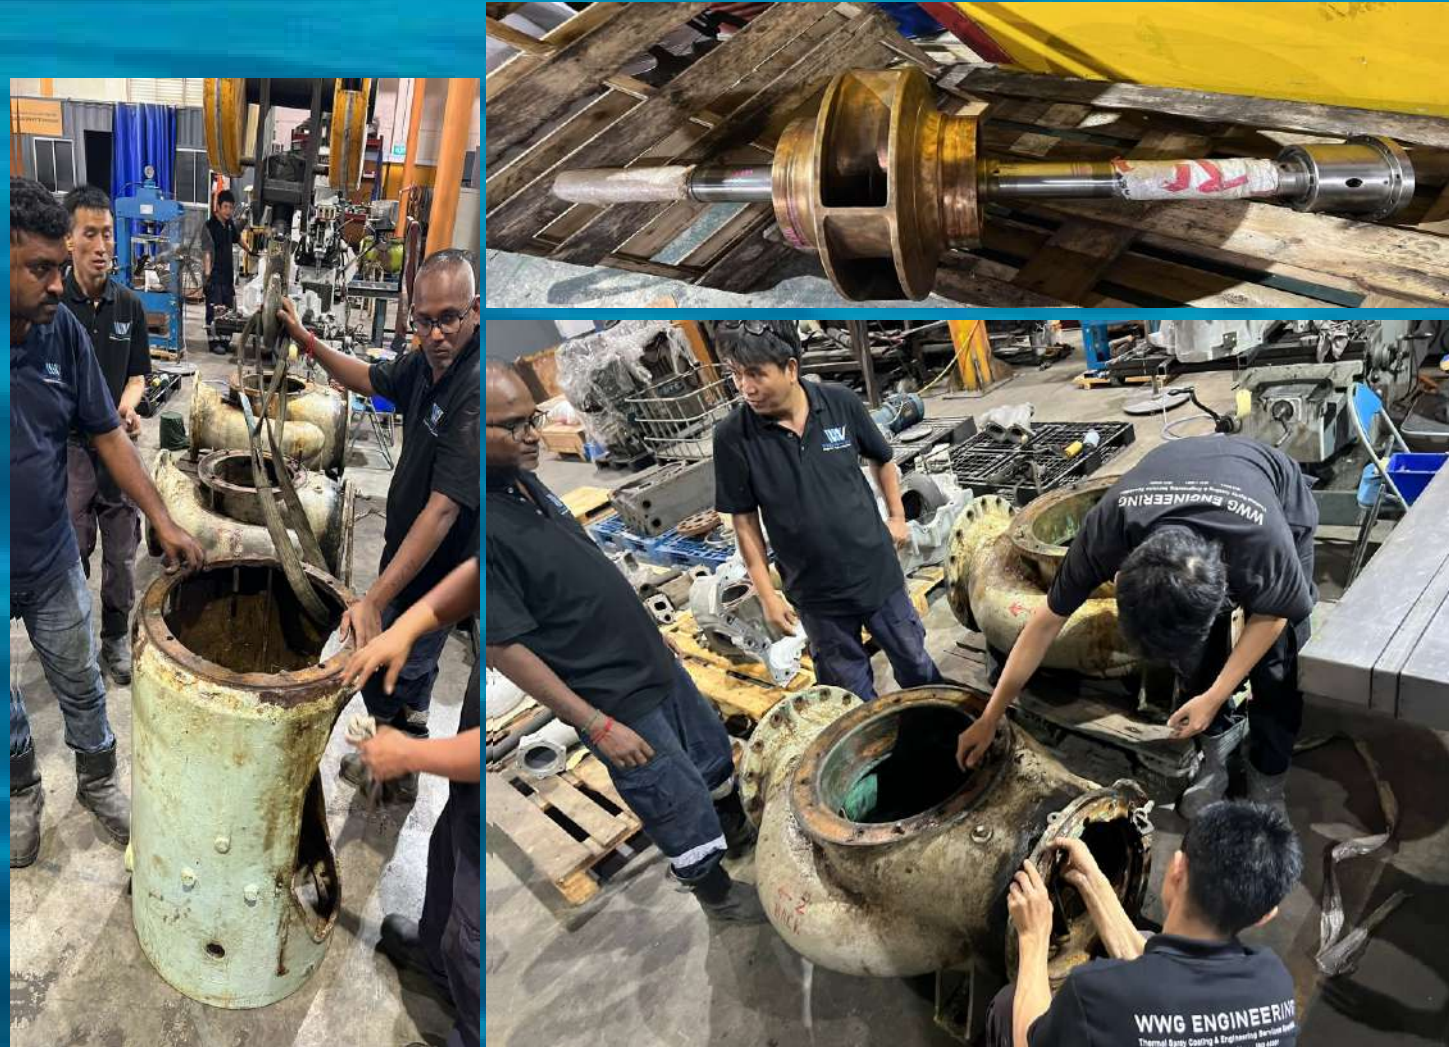

Water Jackets

- Cylinder Liner
- Cylinder Cover

Pumps Overhaul

Dismantle, Repair, Reassemble

METAL SPRAY REPAIR

Pump Shafts
Bearing Covers

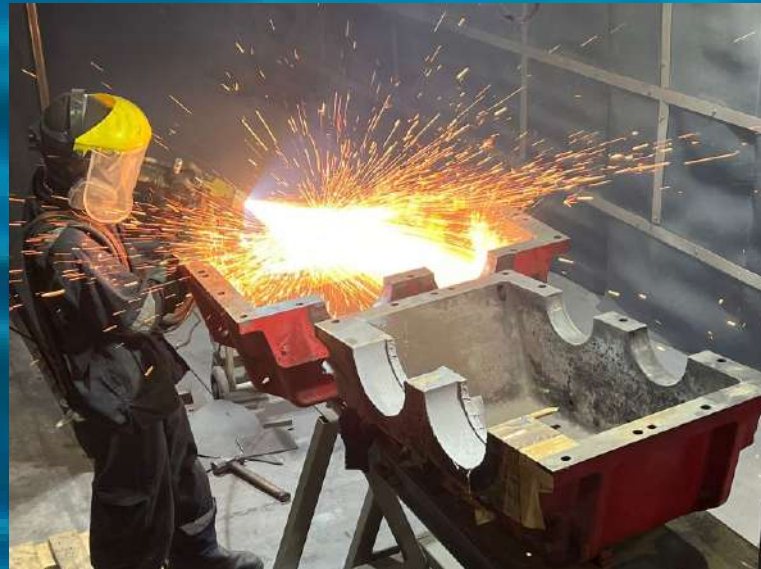

Top Land Rings

Gearbox Housings

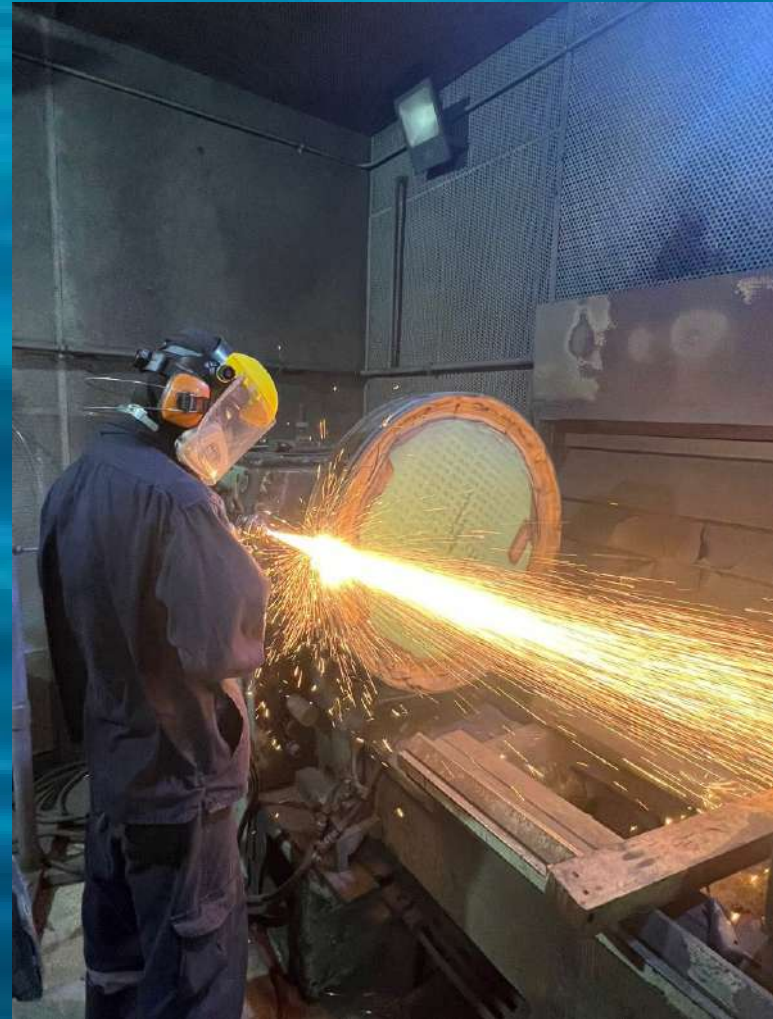

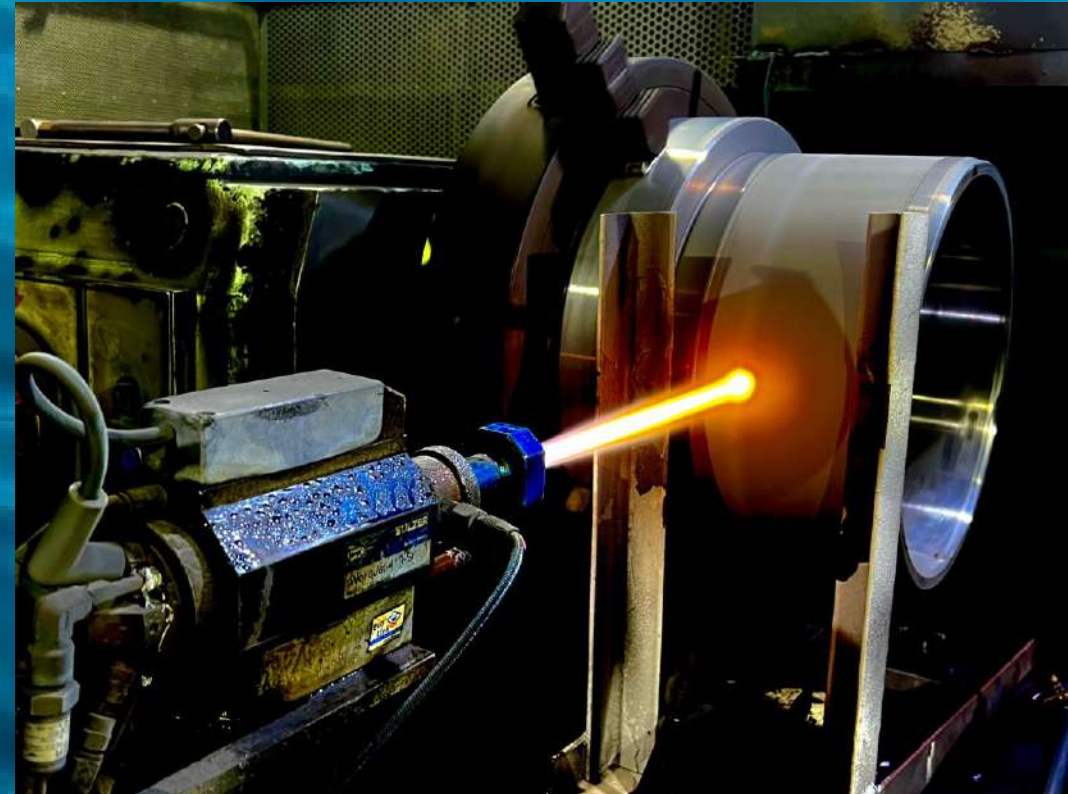

Rebuilding – Machining, Line Boring
Dismantle - Assembly

White Metal Bearings

Thermal/Metal Spray Coating (including Ceramic Coating)

PARTS REFURBISHMENT

LPG Compressor Cooling Condenser
Intermediate Flange, Covers

Blast Paint
Anti-Corrosion

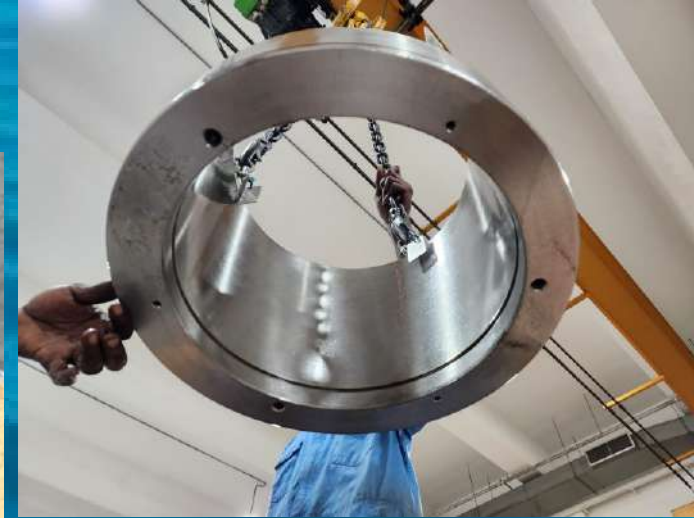

Ship Propulsion

Manufacturing

New Parts

Reverse Engineering

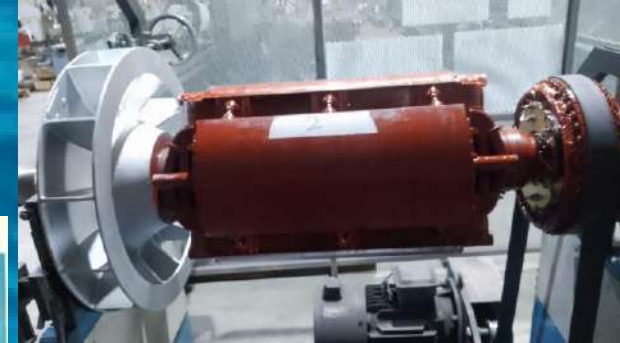

Dynamic Balancing

Turbines

Flywheels

Impeller

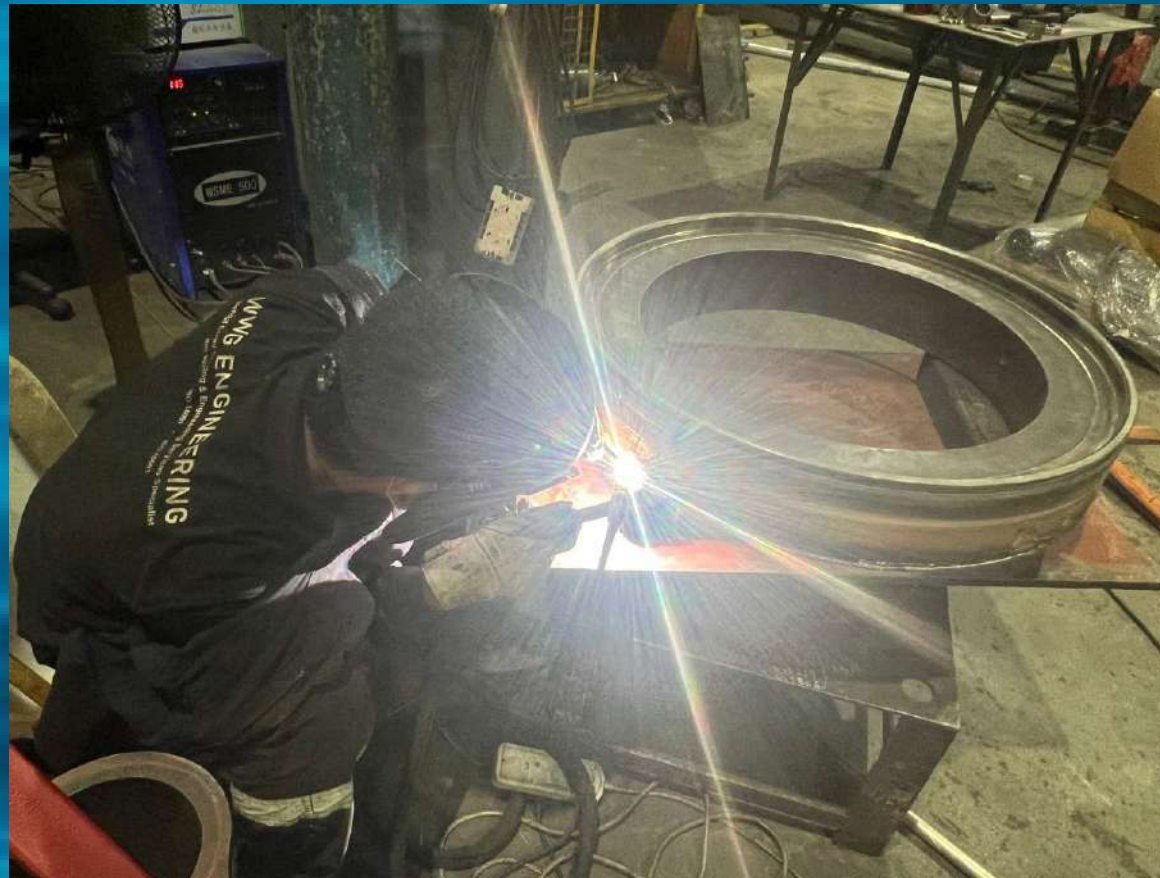

Rotor

WWG Integrated Engineering Solutions

Cast Iron Welding - TIG, MIG, Arc

Pipe Skid Fabrication

Trainee Pipe Skid

Blasting & Painting

On-site/In-situ

Metal Spray, Welding, Laser Alignment,
Line Boring, Milling, Flange Facing
